Professional Summary

Passionate Full Stack Developer with a B.Sc. in Computer Science from Bharathidasan University. Recently completed a 6-month intensive MERN Stack training program at HCL GUVI. Skilled in developing end-to-end web applications using React.js, Node.js, Express.js, MongoDB, REST APIs, and authentication systems. A quick learner with strong problem-solving skills and a keen interest in modern web technologies. Eager to begin my professional career and contribute effectively in a dynamic team environment.

Technical Skills

Frontend Technologies:

- HTML5, CSS3, Bootstrap
- JavaScript, React.js
- Responsive Web Design

Backend & Database:

- Node.js, Express.js, REST API
- MongoDB, MySQL

Programming Languages:

- Python

Tools & Version Control:

- Git & GitHub
- Postman
- VS Code
- Vercel / Netlify / Render (Deployment)

Professional Skills:

- Problem-solving & Logical Thinking
- Adaptability & Quick Learning

Major Projects

E-Commerce Full Stack Application:

(MERN Stack Full-Featured Online Store)

- Developed a complete E-Commerce web application using MERN Stack (React, Node.js, Express & MongoDB) with user authentication and product management.
- Implemented shopping cart, order processing, and secure checkout functionality.
- Built responsive frontend with React and integrated RESTful APIs for seamless backend communication.
- Handled media uploads and CORS configuration for smooth deployment.

Social Media Platform:

(Advanced MERN Social Platform with 2FA)

- Built a full-stack Social Media platform using MERN Stack featuring user registration, login, profile management, and social interactions.
- Implemented secure JWT Authentication, password hashing with bcrypt, and Two-Factor Authentication (2FA) using Speakeasy + QR Code.
- Developed follow/unfollow system, user search functionality, and profile picture upload with Multer.
- Overcame challenges in authentication flow, file handling, and MongoDB relationships, enhancing full-stack debugging skills.

Job Portal Platform:

(Dual-sided Job Board for Seekers & Recruiters)

- Created a complete Job Portal using MERN Stack supporting two user roles: Job Seeker and Recruiter.
- Implemented job posting, browsing, application submission, and resume upload features.
- Developed dashboards for both recruiters and job seekers with application tracking and status management.
- Integrated JWT authentication, Redux for state management, and Multer for resume file handling.

Education

B.Sc.ComputerScience —75%

M.R. Govt. Arts College, Mannargudi | 2023 – 2026

HSC—ComputerScienceGroup —70%

Govt. Higher Secondary School, Thamarankottai | 2021-2023

Certifications

FullStack Web Development - GUVI

Generative AI with IBM Cloud - IBM

Languages

Tamil (Native)

English (Proficient)
